 EMAIL

Dear Parents / Carers

Unfortunately, Joe from JCPE has tested positive with Covid.

There will therefore be no after school club next week. Please can children still come to school in their PE kit as class teachers will take the PE session during the school day.

We will let you know whether children are to come to school in PE kits on 14th December, and whether the after school club will take place, when a decision has been made about the Christmas play.

Finally, Joe has informed us that he has contacted parents directly regarding the after school club bookings. If you have not heard from him, please can you message him directly.

With thanks

School Office
