

EYFS - TAPESTRY - Learning Journey Policy

Aims

Aston-By-Sutton Primary School ensures that all children attending the setting have a personal Learning Journey which records photos, observations and comments, in line with the Early Years Foundation Stage, to build up a record of each child's achievements during their time with us.

It will also show children's developmental progress through the different age bands of the EYFS.

Procedures

- Aston-By-Sutton Primary School uses an online Learning Journey system (Tapestry), allowing staff and parents to access the information from any computer via a personal, password-protected login.
- Staff access allows input of new observations and photos or amendment of existing observations and photos.
- Parent access allows input of new observations and photos or the addition of comments on existing observations and photos – parent log-ins do not have the necessary permission to edit existing material.
- Observations input into the Tapestry system are moderated by a senior member of staff before being added to the child's Learning Journey.
- Parents logging into the system are only able to see their own child's Learning Journey.
- Observations are written in the present tense.
- Tapestry is not used as a general communication tool between school and home. A child's learning journey is a document recording their learning and development and parents may add comments on observations or contribute photos, videos or information about activities they have been doing at home.
- Parents may contact us through the usual channels for any other day-to-day matters, e.g. absence, lost property, etc.

Security

- The Tapestry on-line Learning journey system is hosted on secure dedicated servers based in the UK.
- Access to information stored on Tapestry can only be gained by unique user id and password.
- Parents can only see their own child's information and are unable to login to view other children's Learning Journeys.
